

Spring Challenge

1 Learning hour per activity

Build an obstacle course in your house or outside and see if you can complete it - Can anyone else complete it too?

Have a look online for some ideas. If it's warm, you could try a water obstacle course!

Put together your own dance routine and perform it for a friend/family member.

Make a cresshead

Spring Flower Science Experiment. By adding food colourings to the water in a vase of white flowers you can change the colour of the petals. You may be able to get a grown up to split the stem between two different colours and see what happens.

Help an adult cook a meal. You could help by preparing ingredients, setting the table, cooking, washing up etc.

Have a look on The Woodland Trust website and create a beautiful Bluebell Mosaic
